À notre clientèle,

C'est avec grand plaisir que nous vous présentons notre **Catalogue renouvelé**.

Grâce à votre soutien constant, **Quinko-Tek International** a durant les dernières années grandi et progressé au point de devenir un fournisseur de file dans l'industrie de la quincaillerie pour meubles et armoires.

Pour maintenir votre confiance et fidélité, ainsi que nos engagements envers notre clientèle, nous continuons à parcourir le globe à la recherche de produits innovateurs et de qualité qui font partie de nos lignes habituelles. Il va de soi que nous continuerons à vous offrir un service supérieur et fiable, ce qui fait de **Quinko-Tek** votre fournisseur de choix.

Veillez noter que ce catalogue comprend notre ligne de produits **Q line**. Cette sélection inclut des charnières invisibles, des coulisses de tiroir, des pattes de meubles et autres composantes, des poignées et autres produits décoratives, des systèmes de serrures et plusieurs autres types de quincailleries développés par **Quinko-Tek** et fabriqués dans divers pays de l'Extrême Orient en partenariat avec nos fabricants asiatiques.

L'avantage pour nos clients est la qualité assurée à des prix imbattables. De plus, les politiques des prix et de mise en marché sont entièrement contrôlées par **Quinko-Tek**. Nous ne serons pas influencés, affectés ou dérangés par des décisions prises par des maisons corporatives situées ailleurs dans le monde et qui ne reflètent pas la réalité de notre marché.

Ceci est une stratégie intégrale pour **Quinko-Tek** et ses fidèles clients.

Nous espérons donc que ce catalogue saura vous plaire. Nous serons heureux de vous servir dans un avenir proche.

Dear Customer,

*It is our pleasure and with great pride that we present our **newly expanded Catalogue**.*

*Thanks to your support, **Quinko-Tek International** has grown over the years to become a leader in our industry, into one of the most progressive and informed furniture hardware suppliers in the market.*

In order to continue to earn your confidence and maintain our reputation, it is our commitment to you, the customer, that we will always be scanning the globe in search of the quality and innovative products you have become accustomed to finding amongst our product lines. We will also continue to offer the superior levels of service and reliability that have made us your furniture hardware supplier.

*Please note that this catalogue includes our **Q line** series of products. This selection includes: invisible hinges and drawer slides, furniture legs and other components, cabinet handles, knobs, and other decorative products, locking systems, and many other hardware items that **Quinko-Tek International** develops and produces in the Far East in partnership with our Asian manufacturers.*

*The advantage to our clients is assured quality at unbeatable prices. Moreover, our pricing and marketing policies are fully monitored by **Quinko-Tek**. We will not be influenced, affected or detracted by decisions taken by corporations located elsewhere which do not reflect our market's reality.*

*This is an essential strategy for **Quinko-Tek** and its loyal customers.*

We hope you enjoy our catalogue and we hope to serve you in the near future.

PARALLEL AND COMPENSATING SIDE ADJUSTMENT**
Réglage latéral de la porte avec des charnières Série 200 et F

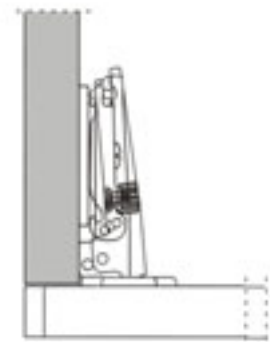

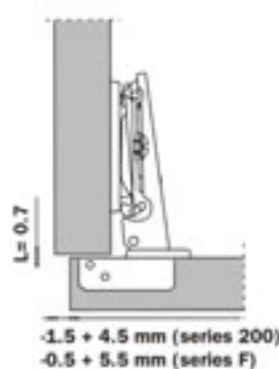

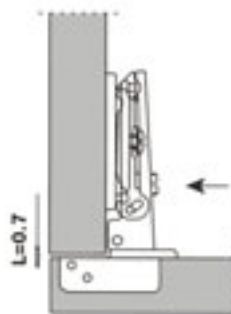

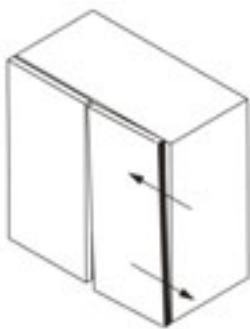

Une technique spéciale de réglage latéral permet un déplacement de la porte en maintenant la même valeur "L" de 0.7 mm.

Réglage latéral compensé. C'est une exclusivité sur toutes les charnières Salice série 200 et F

Side to side adjustment of the door with Series 200 and F hinges

An ingenious adjustment system allows the door to be moved sideways without changing the gap behind the door (the "L" value of 0.7 mm remains constant).

Compensating side adjustment. A patented system exclusive to all Salice 200 and F series hinges.

La vis de réglage agit en faisant avancer le bras de la charnière.

La porte se déplace par rapport au côté en évitant tout détachement. Des opérations d'ajustage, par la suite, ne sont plus nécessaires.

The adjustment screw operates in conjunction with the inner leaf of the hinge arm.

The door moves in only one direction - parallel to the carcass and without a gap developing between the door and the carcass. No further adjustments are necessary. There is no gap to reduce.

DISTANCE D'APPLICATION DU SMOVE
SMOVE RANGE OF INSTALLATION POSITIONS

POUR LE POSITIONNEMENT DE SMOVE IL EST CONSEILLÉ DE RESPECTER LES TOLÉRANCES CI-DESSOUS; EN CHOISSANT LE MINIMUM DE LA TOLÉRANCE ON AURA UN EFFET MOINS FREINANT DE LA PORTE. AU MAXIMUM DE LA TOLÉRANCE ON AURA UN EFFET PLUS FREINANT.

IT IS SUGGESTED THAT SMOVE IS POSITIONED WITHIN THE STATED RANGES; AT THE MINIMUM DISTANCE, THE BRAKING EFFECT OF THE DOOR WILL BE WEAKER. AT THE MAXIMUM DISTANCE, THE BRAKING EFFECT WILL BE STRONGER.
